4.2 Parties to Your Real-Estate Transaction

Because Lixtara facilitates real-estate transactions, we share relevant information with the parties to your transaction. Depending on your role, this may include the broker, buyers and their agents, sellers, and title or escrow providers, as needed to negotiate, document, and complete the transaction.

4.3 Legal and Safety

If our practices change, we will update this Policy and provide any rights and choices required by law.

5. AI Processing of Your Content

When you use our AI features, the text and images you submit are processed by our AI providers to generate responses and content. Specifically:

When you chat with the Loui AI assistant, your messages are sent to Anthropic to generate responses. When you use virtual staging or the Living Listing feature, the images and related inputs you submit are sent to Luma to generate staged images or video content.

AI-generated outputs, including staged images and Living Listing media, are illustrative and intended to help visualize possibilities. They may not accurately reflect the actual condition, dimensions, or features of a property and should not be relied upon as a factual representation. Do not submit information through AI features that you do not wish to be processed for these purposes.

6. Cookies and Similar Technologies

We and our service providers use cookies and similar technologies to operate the Service, remember your preferences, keep you signed in, understand how the Service is used, and improve it.

For a detailed description of the cookies and similar technologies we use and the choices available to you, please see our separate Cookie Policy.

6.1 Usage Analytics and Session Recording

We use Microsoft Clarity, a service of Microsoft Corporation, to understand how the Service is used through heatmaps and session recordings. This helps us find where the site is hard to use and improve it.

Clarity runs only if you accept analytics cookies in the cookie banner. You can withdraw your consent at any time through "Cookie settings" in the site footer; after that, Clarity is no longer loaded.

- The text and data you type are hidden in the recordings. Photos, documents and signatures are hidden as well.

- Your account area (/account) is not recorded. Payment is not recorded either: it takes place on Stripe's pages, outside our site.
- Microsoft processes this data under its own privacy statement: https://privacy.microsoft.com/privacystatement

7. Data Retention

We retain personal information for as long as necessary to provide the Service, maintain your account, complete and document real-estate transactions, comply with our legal and recordkeeping obligations, resolve disputes, and enforce our agreements.

When information is no longer needed for these purposes, we take reasonable steps to delete it or to anonymize or de-identify it. Retention periods vary depending on the type of information and the purpose for which it was collected.

7.1 Proof of Consent

When you accept a legal text on the Service (for example, the refund acknowledgment before you pay for a plan, or the consent to sign documents electronically), we record the date and time, your IP address, your browser's user agent, and the version of the text you accepted.

We use this record only to document your consent and to defend against claims, including payment disputes. We don't use it for marketing or advertising.

We keep this record for five (5) years after our relationship with you ends, and then delete it.

To ask about this record, contact us at privacy@lixtara.com.

8. Data Security

We use reasonable administrative, technical, and organizational measures designed to protect personal information against loss, misuse, and unauthorized access, disclosure, alteration, and destruction. We rely on established service providers, and we apply access controls and other safeguards appropriate to the nature of the information.

However, no method of transmission over the Internet or method of electronic storage is completely secure. We cannot guarantee the absolute security of your information, and you provide it at your own risk. If you have reason to believe that your interaction with us is no longer secure, please contact us immediately.

9. Your Privacy Rights

Depending on where you live and subject to applicable law, you may have rights regarding your personal information, including the right to access the information we hold about you, to correct inaccurate information, to request deletion, to obtain a copy of certain information in a portable format, and to opt out of certain processing.

To exercise these rights, contact us at privacy@lixtara.com.

10. Children's Privacy

The Service is intended for adults who are at least 18 years old. It is not directed to children, and we do not knowingly collect personal information from children. If you believe that a child has provided us with personal information, please contact us at privacy@lixtara.com, and we will take appropriate steps to delete it.

11. International Users and Data Transfers

Lixtara is based in the United States, and we process and store information in the United States. If you access the Service from outside the United States, you understand that your information will be transferred to and processed in the United States, where data protection laws may differ from those in your jurisdiction.

If you are located in a jurisdiction governed by laws such as the EU General Data Protection Regulation (GDPR), please be aware that, by using the Service, you direct us to process your information in the United States as described in this Policy.

12. Do Not Track

Some browsers offer a "Do Not Track" signal. Because there is no consistent industry standard for how to respond to these signals, the Service does not currently respond to Do Not Track signals. We will continue to monitor developments in this area.

13. Third-Party Links and Services

The Service may contain links to third-party websites, products, or services that we do not own or control, and it relies on third-party providers as described in this Policy. We are not responsible for the

privacy practices of these third parties. We encourage you to review the privacy policies of any third-party services you access.

14. Changes to This Policy

We may update this Privacy Policy from time to time to reflect changes in our practices, technology, legal requirements, or other factors. When we make changes, we will revise the date associated with this Policy and, where appropriate, provide additional notice. Your continued use of the Service after an update becomes effective constitutes your acceptance of the revised Policy.
