Accessibility Statement

Last updated: 2026-10-18 · Version 2026-10-18-v2 · Lixtara LLC

Lixtara LLC wants everyone, including people with disabilities, to be able to find a home, list a property and use lixtara.com. This statement explains our goal, what we have done, the limits we know about and how to tell us about a barrier.

1. Our Goal

We use the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA, published by the World Wide Web Consortium, as the target for the design and development of lixtara.com, in English and in Spanish. Accessibility is ongoing work: we have not certified that every page meets that standard, and some parts of the site may not yet do so.

2. What We Work Toward

In designing and building the site, we aim to:

- use semantic HTML, headings and labeled form fields, so pages work with screen readers;
- support keyboard use, with visible focus indicators;
- use text and background colors with sufficient contrast, without conveying information by color alone;
- show form errors next to the field, in the language of the page;
- provide text alternatives for meaningful images.

3. Known Limitations

Some content comes from third parties and is outside our full control, including listing photos and data from the multiple listing service, electronic signature (DocuSign), payment pages (Stripe), maps and address suggestions (Google Maps) and documents in PDF format. If one of these prevents you from completing a task, contact us and we will work with you to find another way.

4. Report a Barrier or Ask for Help

If you have difficulty using any part of lixtara.com, or need information in an alternative format, tell us the page address and the problem you found:

- Email: support@lixtara.com
- Mail: Lixtara LLC, 181 Vera Ct, Miami, FL 33143

4.1 Our response

We will reply by email and work with you to provide the information, or complete the task you need, another way.

5. Updates to This Statement

We may update this statement. The date of the last update is shown at the top of this page.
